Aims and Scope

Psychodynamic Practice is a journal of counselling, psychotherapy and consultancy and is written for professionals in all fields who use psychodynamic thinking in their work. The journal explores the relevance of psychodynamic ideas to different occupational settings. It emphasizes setting and application as well as theory and technique and focuses on four broad areas:

- Clinical practice
- The understanding of group and organisational processes
- The use of psychodynamic ideas and methods in different occupations settings (for example, education and training, health care, social work, pastoral care, management and consultancy).
- The understanding of social, political and cultural issues.

The journal aims to make psychodynamic ideas accessible to a broad audience and is a home for new, as well as experienced, writers.

Submitting a paper to Psychodynamic Practice

Before preparing your submission, please visit our website for a complete style guide; contact details are given below.

Articles for consideration should be sent to the Commissioning Editor, short papers to the Open Space Editor, at the editorial address, offices given below.

Copyright. It is a condition of publication that authors assign copyright or license the publication rights in their articles, including abstracts, to Taylor & Francis. This enables us to ensure full copyright protection and to disseminate the article, and of course the Journal, to the widest possible readership in print and electronic formats as appropriate. Authors may, of course, use the article elsewhere after publication without prior permission from Taylor & Francis, provided that acknowledgement is given to the Journal as the original source of publication, and that Taylor & Francis is notified so that we can properly authorise. Authors retain many rights under the Taylor & Francis rights policies, which can be found at http://journalauthors.tandf.co.uk/preparation/copyright.asp. Authors are themselves responsible for obtaining permission to reproduce copyright material from other sources.

Please note that Taylor and Francis are signatories of, and respect the spirit of, the STM agreement regarding the free sharing and dissemination of scholarly information.

Free Article Access: As corresponding author, you will receive free access to your article on Taylor & Francis Online. You will be given access to the My author works section of Taylor & Francis Online, which shows you all your published articles You can easily view, read, and download your published articles from them. In addition, if someone has cited your article, you will be able to see this information. We are committed to promoting and increasing the visibility of your article and have provided this guidance http://journalauthors.tandf.co.uk/beyondpublication/promoteparticle.asp on how you can help

Reprints and Journal Copies: Corresponding authors can receive a complimentary copy of the issue containing their article. Article reprints can be ordered through Rightlink® when you receive your proofs. If you have any queries about reprints, please contact the Taylor & Francis Author Services team at reprints@tandf.co.uk. To order extra copies of the issue containing your article, please contact our Customer Services team at subscriptions@tandf.co.uk.
